

**We have been advised by Senator Libous' Office and Assemblywoman Lupardo's office that Bills S.6806 (Part U) and A.9806 (Part U) have been voted down in the Senate and Assembly.**

**These would have allowed for dissolution or consolidation of fire districts and fire protection districts with petitions signed by just 10% of the residents of the area. It would have left much of the decision up to the local Town Boards.**

**Thanks to all of you who contacted your State representatives.**
