Subject: Legislature approves raise for fire investigators

Tonight Broome County Legislators unanimously approved a pay raise for the County's Fire Investigators in the 2009 budget. Our thanks to all of the legislators who understood the importance of what the fire investigators do and realized they deserved a raise, after many years without one.

Many of the legislators commented that they had been contacted by residents regarding this issue. No doubt your calls and e-mails helped them to see the importance of this raise. Our thanks to all of YOU who took the time to call or e-mail your legislators in support of this raise.

Alice J. Fiacco, Secretary
Broome County Firefighters' Association
