

BROOME COUNTY FIREFIGHTERS' ASSOCIATION
BROOME COUNTY, NEW YORK

RUNNER, RUNNER, RUNNER PRESENTATION
AT JANUARY 2, MEETING

Following the January 2, 2009, meeting of the Firefighters' Association, 7:30 pm at West Corners, Dave Reese, President of the Broome County Fire Police Association will do a presentation on "Runner, Runner, Runner". This new program is designed to improve scene safety by making emergency personnel aware when a vehicle has gotten by police and fire police and is heading into the scene. Vehicles often disregard barricades and police lines and drive right into an incident putting the lives of emergency responders- fire, police, and EMS, and victims in jeopardy.

The "Runner, runner, runner" call is to make emergency personnel aware that a vehicle may be heading in their direction and they should do what they can to protect themselves, other personnel and victims at the incident scene.

Hope you will join us for refreshments at 7 pm, the meeting at 7:30 pm and this informative presentation immediately following our meeting.
