Subject: Respiratory Protection Program Course Offering @BFD

City of Binghamton Fire Training Facility to host OFPC Respiratory Protection Program Course on November 10th, 2009 at 0900-1600.

Please RSVP if you have personnel interested.

01-09-0054 Respiratory Protection Program

This course is designed for the agency's respiratory protection program administrator as defined in 29 CFR 1910.134 OSHA Respiratory Protection Standard. Curriculum content outlines the requirements of the Respiratory Protection Program standard for emergency escape devices, air purifying respirators (negative pressure) and self-contained breathing apparatus (positive pressure). In addition, training is provided on the procedures and equipment to conduct a quantitative fit test.

Designed For: Response agency Respiratory Protection Program Administrators

Course Length: 6 hours

**Assistant Chief Richard Allen, MTO, EMT-P, CIC
Training Instructor
City of Binghamton Fire Bureau
