

**BROOME COUNTY FIREFIGHTERS' ASSOCIATION**  
**BROOME COUNTY, NEW YORK**

Attached is an announcement for a pilot offering of the new fire police course developed by the office of fire prevention and control (OFPC). The instructors will be Les Greenwood from OFPC and other people who developed the course.

The attached announcement contains the pertinent information relevant to this 21 hour course, which will be held over a Friday evening and all day Saturday and Sunday.

Since this is one of the pilot offerings for this course around the state it will allow those attending to have input on how the course is delivered in the future. Also attached is a training center registration form which can be copied and given to those who want to attend. Fax this back to the Public Safety Training Center here at (315) 492-1521. Please note the class size requirements. Please distribute this course information to anyone who many want to take this course. Please note also- the training center is only providing room fo this course to be held. Those attending will be on their own for lunches. Status of any breaks are yet to be determined, but will be not provided by the state or the training center.

**This pilot course offering is not a train the trainer for the new course.**

Any questions about this course offering can be directed to Rich Flannagan at (315) 498-6046 ext. 0 who will attempt to answer your questions or consult with Mr. Greenwood from OFPC.

## Fire Police Certification Course

This course is based on the general Municipal Law 209-c and the rules and regulations of the Officer of Fire Prevention and Control and the Department of Criminal Justices. This course outlines how the Fire Police in New York State have powers and duties, while on duty with their fire departments, to protect the fire service from hazards on the scene of emergencies they may be operating. The Office of Fire Prevention and Control recognizes this vital part of any emergency scene that is performed on our streets every day.

The student attending this course will obtain the following knowledge and skill sets when attending this course:

- Laws, rules, and regulations on Fire Police as Peace Officers

- History of the fire service and fire police

- Personal Protective equipment

- Traffic Management situations as outlined under the Manual on Uniform Traffic Control Devices

- Flagger training as outlined by the National Safety Council and New York State

- Incident management system under today's guidelines of New York State and Federal Guidelines

- Crowd control and crime scene management practices

- Skills exercises and written testing to obtain New York State certification as a Fire Police officer.

This course has been developed with the cooperation of the some partnering agencies: Department of Criminal Justices, New York State Department of State legal counsel, New York State Fire Police, and Firefighters Associations.
