

BROOME COUNTY FIREFIGHTERS' ASSOCIATION
BROOME COUNTY, NEW YORK

ANNUAL VOLUNTEER RECRUITMENT
DAY TO BE HELD SAT., APRIL 24

The Joint Committee on Recruitment for the Broome County Fire Chiefs' Association and Broome County Firefighters' Association has scheduled the annual volunteer firefighter recruitment open house for Sat., April 24, noon to 3 pm.

We are asking all fire stations to be open and have officers or others on hand to conduct station tours and talk to interested residents about volunteering. This is your chance to sell your fire department to new prospective volunteers so please have someone there who is knowledgeable about the fire company and can effectively relate what is involved to anyone who stops in.

We have already put out posters and information to all area high schools. If you have contacts at your local schools, for example with an administrator or guidance counselor, please follow up with them and see if the poster has at least gotten posted. If you need additional school posters, please contact us at broomefire@stny.rr.com

We are also asking people to take a poster in to work and get permission from their employer to post this on the bulletin board. Or ask if you can post it at a local store, library, or other place where people may see it.

Copies of the poster can be downloaded at
<http://broomefire.com/news/otherNews/2010/100215a.pdf>

or contact us for a copy of the poster. We will be sending out posters to many local employers asking them to hang up the poster and also to include information in their employee newsletter if they have one. We hope to see these popping up around town.

Please contact us and let us know if your fire company will be participating in the open house.
