

The Firemen's Association of the State of New York
in conjunction with VFIS, Presents

Highway Safety: Protecting New York's Emergency Responders

This 3 hour class is targeted at Fire, EMS, Rescue, HazMat and First Response Service Personnel. Key areas covered are:

- The need for advanced warning
- Apparatus positioning and placement
- Pros and cons of shutting down highways
- Multi-agency communication, training and coordination
- Scene lighting
- Limiting time, personnel and apparatus on the scene
- Retro-reflective and florescent personal protective equipment
- Innovative fire apparatus safety features
