

Fallen Fire Fighter Captain Matt Porcari

Sponsored by The Greater Binghamton Association of Realtors

Captain Matt Porcari – Owego's Hometown Hero-

Matt loved his life, family, friends and Owego, he served God at his local church, and he served his community for 17 years as a firefighter and became Captain of OFD Company #3 where he would give the ultimate sacrifice... battling a fire on 1/21/2013 with his OFD brothers.

Matt took care of his community: In 2011 when the town was devastated by flooding he abandoned efforts on his own house to attend to homes of neighbors and friends who needed help.

Matt took care of other communities: When Matt learned of Hurricane Sandy's devastation downstate, he organized his fellow firefighters and came to his brotherhoods' aid, his team standing in for local firefighters and going on calls for them so they could attend to their own homes that were affected.

Matt took care of his family, and friends: His heart for his wife and children was written on his smile and gleamed in his eyes. He has touched the lives of countless people that stretch across our nation and into Canada. His heroic final act is known to many and his absence in this world mourned by every person who knew him and even many who did not.

Matt left this world a hero- his family has his legacy, and his memory. This benefit is to "pay it forward" and collect funds to finish work that he started on his home that he shared with his family whom he loved with his whole heart and left his legacy to – to take care of them on his behalf.
