

New York State Volunteer Firefighters
Cancer Awareness Video

1. The goal:
 - a. To produce a video highlighting the struggles of NYS volunteer firefighters with cancer across New York State.

2. We are looking to identify 5-7 volunteer firefighters in New York State who are suffering from cancer (FASNY will handle travel expenses and lodging the night before the filming):
 - a. We are specifically looking for victims of the following cancers:
 - i. Melanomas
 - ii. Lymphatic (lymphomas)
 - iii. Digestive (stomach, colon, other GI)
 - iv. Hematological (leukemias)
 - v. Urinary (bladder)
 - vi. Prostate
 - vii. Neurological (brain)
 - viii. Breast
 - ix. Reproductive (testicular, ovarian)
 - b. Ideally a diverse group, showcasing a range of:
 - i. Ages
 - ii. Genders
 - iii. Geography
 - iv. Occupations

If you are interested in participating in this project, **please contact Dave Wollin of the FASNY Public Relations team as soon as possible.**
