BROOME COUNTY SMOKE DIVERS COURSE

The Broome County Smoke Divers Course is back! Thank you to the Broome County Fire Chiefs Association and the Fire Coordinators Office!

Orientation has changed to a two-night program. Both nights will be held at the Michael F Aswad Special Operations & Training Facility in Endwell.

The first night will consist of orientation, vitals and authorizations/expectations. A Chief Officer from each participating agency **MUST** be present this night. The second night will finish up orientation and present information on County policies and best practices. The skills portions of the class will begin on the following weekend. This will give the students a week to review their SCBA, policies, etc.

Saturday will be held at the Michael F Aswad Facility and Sunday will be at the Fred Singer (Vestal) Training Facility.

Minimum Requirements

- Firefighter 1 or equivalent
- Chief's recommendation
- 2 years in the department
